Student Voice

The last newsletter for Term 2! Time really has flown! This term has had many successes and new learning experiences for both the students and staff. There has been so many highlights for the term, we can't even name them all! But a few definitely stood out for us. One being given the opportunity to go to the 'Girls in Hi Vis' Programme. The students who went, learnt how the Manapouri Power Station worked and were involved in jobs such as, soldering, exploring, and working in the electrical and mechanical areas. Plus the Real Journey's boat ride had a very wonderful view! Two being, holding the Area Schools Tournament! It was such a great opportunity for the students and staff at WAS to really come together as one and be part of the Waiiau team! Three is a really important one to the whole school. The community. The way they have helped and contributed to our school is memorable. We can't thank you enough. Helping with the Area Schools Tournament, coming to the Great Grandfriends programme, and also working around our school to make it look spick and span! These are only a few of the many things our community have helped with, to make WAS a better learning environment.
